PARENTS' MEETING

We sincerely invite you to attend the parents' meeting at 2:00 p.m. next Friday (on [June 13th](#)). We will communicate with you about our summer school project and the arrangement of next school year. Hope to attend on time.

YIA NIGHT

On June 4th, all the YIA students came together and have a YIA game night. YIA night was a very meaningful activity that helped us cultivate cooperation and leadership. All the YIA students divided into four small groups. We had some games such as fly the airplane, build a bridge, play the piano, calculate the weight, etc. The group which finished all the games first is the winner. While we were having fun, we also learned a lot about it. This activity also gave students a chance to relax under the intense study pressure before the final exam. Thank you all the teachers who prepare for the YIA night which is a happy night!

EMOTION WELL-BEING WORKSHOP

Students attended a workshop on emotional management led by Mrs. Zhang, a certified psychologist, on Tuesday after class. Self-confidence is the secret behind almost every personal and professional success story. The focus of this workshop is to help students boost confidence. In the beginning of the workshop, students gave themselves scores on self-confidence. Mrs. Zhang aimed to help students find their value and identity through meditation music and other activities.
