ATTENDANCE POLICY–EPIDEMIC PREVENTION REQUIREMENTS

If a student is unable to arrive at school on time, parents should contact the Chinese tutor at least before 7:50 in the morning and explain the specific reason for the absence. If a student is absent from school for a day, parents should measure their child's temperature in the morning, noon and afternoon, and report the results to the Chinese tutor.

In addition to fever, students who are absent from school for other reasons should undergo nucleic acid testing the day before returning to school. After your child has completed the nucleic acid test, we hope that you can contact the Chinese tutor on the same day that your child has completed the nucleic acid test and submit a negative result to the Chinese tutor after the test results come out.

If students have a temperature of 37.3°C or higher,

- Please keep your child at home and consult a doctor and inform the national advisory stating your child's temperature, symptom(s), and treatment plan.
- The student must remain at home until symptoms resolve and the student is fever free for 48 hours. The student must then complete a COVID-19 test the day before returning to school and inform the national advisory of the negative test result.
