International School of Qingdao (iSQ) is hosting the conference in person. MUNiSC is a three-day United Nations simulation for students in Grade 8–12. Students from schools from all over China will work together to develop and debate innovative solutions to pending global issues. We look forward to a wonderful conference.

WRITING COMPETITION

The third annual YHIS/YIA Creative Writing Contest is taking place on Saturday, February 25, 2023, from 8:30 am to 12:00 pm. Creative Writing is important because it gives students an opportunity to communicate the “human experience.” Students can reflect on the world around them—the needs, wants, evils, and good in humanity—and express those reflections creatively. The brain is similar to the body. When body-builders exercise, they cannot only do pushups. They must also run, lift weights, and engage all of their muscles. Similarly, healthy writers cannot only engage in academic writing. They must also engage in creative writing to become effective communicators.

Because of these reasons, this year’s writing competition will focus on flash fiction. Flash fiction is a complete story that is told in a few paragraphs or less. One of the most famous and shortest examples of flash fiction is this: “For sale: baby shoes, never worn.” This is one sentence, but it tells a complete story of anticipation, loss, and grief. During the workshop and competition, students will learn how to write a complete story by expressing a single moment with potent language and strong imagery. Get your pens out, sharpen your pencils, get ready, get set...write! Please refer to the detailed schedule of the contest below.

Thank you to those who provided us with feedback and suggestions on the school lunch program. The school will closely work with the cafeteria company to improve the services. As part of the continuous improvement journey for school lunches, the following changes will be made.

1. A regular assessment of the school cafeteria on temperature, food quantity, and taste.
2. Upgrading food heating equipment.
3. Purchasing rice cookers to keep rice warm.
4. Designating a Korean staff member to closely work with the Korean food chef to improve Korean food taste and quality.
5. Removing dessert from the menu, the cafeteria will focus on improving quality and increasing meat quantity.

The school is also discussing the reduction of the number of dishes served, so that the cafeteria can focus on quality improvement. Along with that, changes to lunch menus will be made gradually. We will provide further updates when they are available.
